

## Zero Ohm Welcomes the Audio Specialists as Our New Benelux Distribution Partner

**Montreal, Canada, March 13th, 2024**

We are proud to announce the signing of an exclusive distribution agreement with The Audio Specialists to represent our disruptive brand in Belgium, Holland, and Luxembourg.

*"We're extremely excited to be working with Zero Ohm. We see huge potential as they offer an amazing solution for a wide range of installation projects. Where a 100v system is typically needed, you can now offer more flexibility and ease of use while also delivering sound quality (full-range sound) with low impedance loudspeakers connected in parallel. Zero Ohm provides the most convenient solution on the market! It will save our integrators time and money while improving the overall sound quality. No audio compromises to make. We're excited because the product line fits the Benelux market extremely well, not just with Tannoy & Lab Gruppen products, that we carry, but Zero Ohm can, and should be combined with any low impedance loudspeaker and amplifier. Zero Ohm deserves that presence, and we will do our very best to provide this brand the podium it deserves."*

**Tim Huese, Owner of The Audio Specialists**

## About ZOHMS Inc.

*Zero-Ohm Systems is a global manufacturer of a unique award-winning patented technology. Best of Show Distinction at ISE 2020; Best New Product Technology (Innovations Showcase) InfoComm 2017. Our passive devices interconnect between any amplifier and loudspeakers without worrying about speaker loads, impedance and long cables runs. Forget the limits of traditional systems. You can now connect 20-40 speakers or more in parallel to one amplifier without the use of transformers. Until now, the ability to connect multiple speakers in parallel was confronted by the issue of operating the amplifier at a safe impedance. Although there are amplifiers that operate at 4 ohms and 2 ohms safely, any effort to drive them below the rated resistance load led to device failure. With this revolutionary invention, the rules have changed! Zohms products are ideal for major installations like hotels, shopping malls, theme parks, stadiums, bars, cinemas, reception halls, cruise ships, restaurants, airports, and more. If you would like more information or if you are interested in representing Zero-Ohm in your territory, visit [www.zohms.com](http://www.zohms.com) and/or send an email to [info@zohms.com](mailto:info@zohms.com).*

## About The Audio Specialists

*With 12+ years of experience in the touring/live, Hifi and installed sound, Zero Ohm has chosen a dedicated pro audio partner with a personal and service-oriented approach for these markets. The Audio Specialists is known as distribution partner for Tannoy, Lab.Gruppen, Clair Brothers, Klark Teknik, Midas, Green Go and many others. Zero Ohm provides a great fit for small medium and large installation projects where many speakers are being used and is a great addition for Tannoy and Lab.Gruppen, but also opens the possibility to market to a wider audience in this business. Projects like stadiums, hotels, retail stores, warehouses, factories, conference rooms and auditoriums and many other install projects where Zero Ohm can add value.*
